AR goals for May are due June 1st. Students needed to have read 25 books or equivalent to fulfill reading requirement. Awards will be handed out at Village meeting on June 9th. Remember to keep reading all summer long to maintain your accelerated reading level. Students that did not read the required 25 books especially need to continue reading all summer. The public library and Borders have some reading incentives that just might spark your interest. Check it out!

Have a great summer!
